Degree	University/Institute	Year	CGPA/Marks(%)
B.Tech Civil Engineering	IIT Hyderabad	2025	7.58
XII (Telanagana State Board of Intermediate Education)	Narayana Junior College	2021	90.80%
X (Board of Secondary Education)	Narayana Olympaid Kukatpally	2019	85.00%

EXPERIENCE

- Kaustubha Medtech Pvt Ltd** | Full Stack Internship March 2024Hyderabad, TelanaganaOnline
- Developed a doctor appointment web app using **Node.js**.
 - Integrated the app with **Firestore** for efficient data management and real-time updates.
 - Created essential features like appointment scheduling, chat, and user authentication, improving user experience and sharpening software development skills.
- Kore.ai** | AI/ML Internship July - August 2024Hyderabad, TelanganaOffline
- Gained hands-on experience in **NLP**(natural language processing) and **LLMs**(large language models).
 - Optimized generative capabilities through iterative feedback loops and **prompt engineering**.
 - Applied knowledge of the **LLM inference lifecycle** to improve model efficiency and responsiveness.
- Ojas Innovation Technologies** | AI/ML Internship May - July 2024Hyderabad, TelanganaOnsite
- Acquired hands-on experience with various machine learning techniques and model development.
 - Developed a **Face Attribute Recognition** model using Convolutional Neural Networks (CNN) to identify and classify attributes from images.
 - Implemented **hyper parameter tuning** to optimize model performance, leading to improved accuracy and efficiency.

PROJECTS

- Auto Finisher: Transformer for Text Completion** | Transformers Aug - September 2024
- Built an "Auto Finisher" model using **PyTorch**, training a transformer-based **LLM** on novel text to predict and generate story endings, enhancing understanding of LLMs and narrative generation.
 - Explored **transformer architecture** with self-attention and positional encoding, fine-tuning the model to complete incomplete statements and stories based on learned patterns automatically.
 - Optimized **LLM training** through tokenization, masking, and transfer learning, focusing on practical applications of transformers in text generation.
- CES Website** | Full Stack August 2024
- Enhanced Website Performance**: Refactored and resolved critical bugs, ensuring smooth functionality and optimized performance across the latest versions of Node.js and React.js.
 - Future-Proof Compatibility**: Implemented forward-compatible design architecture to maintain seamless operation with evolving web technologies and future updates.
- E-commerce Website** | Full Stack August 2023
- Developed a e-commerce website using **Node.js**, enabling users to browse and purchase products.
 - Leveraged Node.js frameworks and libraries, including **Express.js** and **MongoDB**, to ensure efficient data storage, retrieval, and seamless user experience.

SKILLS

- Programming Languages**: C, C++, JavaScript, Python, SQL, Solidity
- Python**: Numpy, Pandas, OpenCV, Seaborn, Tensorflow, Scikit learn, Pytorch.
- Web Development**: HTML, CSS, Node.js, React.js
- CS Concepts**: Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks, Machine Learning, Deep Learning, Blockchain Development.
- Soft Skills**: Critical thinking, Problem-Solving, Decision-making, Resilience, Emotional intelligence, Patience, Optimism.

RELEVANT COURSES

Google Cyber Security: Foundations of Cybersecurity | Sound the Alarm: Detection and Response | Assets, Threats, and Vulnerabilities | Put It to Work: Prepare for Cybersecurity Jobs | Play It Safe: Manage Security Risks | Connect and Protect: Networks and Network Security | Tools of the Trade: Linux and SQL | Automate Cybersecurity Tasks with Python.

SCHOLASTIC ACHIEVEMENTS

Ranked **828** in TS **EAMCET** 2021 of 2,27,000
Ranked **2824** in JEE Advanced 2021.

POSITIONS OF RESPONSIBILITY

- Core** member at **BlockSpace** club based on Blockchain Development.
- Leading the development of **CES** (Civil Education Society) **website**.
- Represented IITH at Inter IIT Sports meet **2022, 2023** in **Discus throw**.

EXTRACURRICULAR

- I actively participated in online coding contests on platforms such as **Codeforces**, **CodeChef**, and **LeetCode**.
- I represented Raman Hostel block in all throwing events in 2022, 2023, and 2024, winning **3 Gold**, **3 Silver**, and **4 Bronze**.
- Actively participated in all **blood donation** events held on Independence Day and Republic Day at IIT Hyderabad conducted by SBTC.
